

PSG Institute of Technology of Technology and Applied Research Women Empowerment Cell

A talk on “EmpowerHer: Unleashing Your Potential and Embracing Success”

The Women Empowerment Cell, PSG iTech organised a talk on “EmpowerHer: Unleashing Your Potential and Embracing Success” on 05.09.2023 by Mrs. Sindhu Gangadharan, Senior Vice-President and Managing Director, SAP Labs India. The speaker was so enthusiastic and exemplified the phenomenal growth of women in various fields. She pointed out ways to tap into one’s potential and strategies to embrace success. She emphasized on three rules which she believes as success mantra for a woman. The first rule is to “Keep hands up always” by which she motivates every woman to take up all the opportunities in front of them. By the second rule, she advises everyone to find a right support system in order to keep the balance between work and life. The last rule is not to negotiate oneself for anything.

Chief Guest Ms.Sindhu Gangadharan, SVP and MD,SAP Labs India, Head, User Enablement, delivering the Keynote address.

The Speaker enlightened the students with unwavering thoughts of motivation. Around 70 students, faculties and SAP members attended the event. Dr.R.Manimegalai, Head of D, CSE and Dr. M. Devasena, Professor, Civil Engineering felicitated the speaker with a momento. The event was coordinated by Dr.Kala, Associate Professor, CSE and Dr. Deepannita Chakraborty, Assistant Professor, Physics.

Left to Right: Dr. M. Devasena, Ms.Sindhu Gangadharan and Dr. Manimegalai. Felicitation of the guest speaker.

Ms.Sindhu Gangadharan with faculties of PSGitech and SAP mentors.
